

DEVOLD SPIRIT LONG JOHNS LADY

DEVOLD® SPIRIT of Lenzing FR® and merino wool, are two-layer underwear, which significantly reduces the risk of getting 2nd and 3rd degree combustion. Good protection, together with the garments' light weight and design make this the market's most advanced flame retardant underwear. Lenzing FR® reduces the risk of heat stress, and has very limited heat shrinkage in the fabric. The knitting structure in combination with merino fiber, means that the garment absorbs moisture from the body and transports it to the outside where it evaporates
