DUO-THERM GLOVE

The A185 uses the latest techniques to produce an excellent and durable glove. An extra layer of wrinkled latex is added to the 'high-wearing' fingertip areas of the glove only, which improves grip and durability, while reducing hand fatigue. The thermal liner provides added warmth for the hand.

Features

- CE certified
- Double dipping for maximum liquid repellency
- 7 gauge liner for dexterity
- Low linting construction for minimal contamination

Dipping: Latex
