GLOVE ANSELL ALPHATEC® 37-675

Glove AlphaTec® Solvex® 37-675 in nitrile is the optimal choice for wet or dry work environments where resistance to corrosive chemicals is important. Reusable glove with high durability. First-class comfort for the user. Fluted cotton lining combined with nitrile film flexibility provides excellent user comfort. The patterned surface ensures very good grip. It has a grainy surface which contributes to less wreckage of fragile parts. Suitable for chemical processes, chemical handling, cleaning, caretaker services, oil and diesel refills, and plant and machine maintenance. Bundle: 12 pairs. Carton: 144 pairs
