GLOVE ANSELL SOLVEX® 37-900

Glove AlphaTec® Solvex® 37-900, with higher penetration resistance than all existing nitrile gloves. Fully reusable. A newly developed nitrile film that has better strength and chemical resistance. Sets new standards for mechanical performance with unmatched wear resistance, almost double that of today's nitrile gloves. Each glove is tested for air pressure leakage and inspected for any errors prior to dispatch. The quality guarantee means that the gloves can be worn with full confidence in dangerous situations. Approved for use in the food industry. Suitable for supplying parts for production line, painting or cleaning tools or robots, and changing tools and molds. Bundle: 12 par. Carton: 72 par
