HANSEN SEAMOB AES SOLAS NEOPRENE

SEAMOB AES

A suit specifically designed for rescue personnel on evacuation of ships and for use in MOB boats. SeaMOB is manufactured in 3 mm flame retardant, waterproof neoprene that provides insulation and buoyancy and is certified for use without lifejacket. The suit has an integrated, manual inflatable lung for proper flow position and increased freeboard. Fixed neoprene boots on the suit can be used in combination with fins.

Facts

• Suit material in flame retardant neoprene with inherent insulation and buoyancy
• Ergonomic construction and elastic suit material provides comfort in use
• Waterproof zip in soft PU/plastic; - easy to handle
• Solas approved reflective patches
