

KASK ZENITH X HELMET

Zenith X - High-performance protective helmet that stands out through its good fit and well-thought-out details. Lightweight outer shell with high performance. High shock absorption, especially at lower temperatures (-30°C). Resists color changes and degradation over time. Low density inner core optimized for protection against falling objects. Inner shell with high density that provides stronger absorption in side impacts. Composite fabric with Hydrocool® moisture-repellent technology and soft textiles for increased user comfort. The textile is treated with a deodorizing silver ion treatment. New longer and washable chinstrap in synthetic leather.

Complete accessory program with safety glasses, visors, hearing protection and weather protection.
