KNEEPAD FOAM

Kneepads with additional protection, comfort and elasticity. Originally form resumes quickly. The kneepad has a good insulating capacity against cold floors, and high penetration against rough and uneven surface. The user will then be able to perform their work with greater comfort over an extended period. The kneepad has a long lifespan, it is certified with Wenaas' own trouser range, and is highly recommended. 160x245 mm. 20,5 mm thicknes

SKU: 0-26006-0-98-PA | **Category:** Knee protectors |
