

SECURE 2 HELMET MOUNT

The helmet mounted earmuff is the ideal choice for any work that requires head and hearing protection. Its durable construction withstands rough environments and the slim design reduces the risk of snagging in branches or confined areas. Protection level 2 is suitable for medium to high noise levels, between 90-110 dB. It is the best choice for noise protection in environments such as building and construction, heavy industrial work and for long term noise exposures.

- Protection level 2 for medium to high noise
 - Best choice for high frequency noise
- Approved with most popular safety helmets
