

SOLID GEAR SENTRY MID

Sentry Mid is the next generation of athletic safety footwear from Solid Gear. A unique dual density EVA midsole takes comfort to the next level. Never before have a safety boot been this close to an athletic shoe. Premium Nubuck and CORDURA® upper gives the Sentry Mid fantastic performance in terms of durability, fit and flexibility. The Solid Gear Sentry Mid boot also utilizes the newly developed NANO toe cap, which is 40 % stronger than fiberglass, lighter than other materials used and also thinner than other non-metallic toe caps. Using PU foam Sock Technology the comfort in this shoe is best in class. Slip resistance class SRC ensures the highest level anti-slip.

ISO 20345:2011 is an EN standard that specifies basic and additional (optional) requirements for safety footwear used for general purpose. It includes, for example, mechanical risks, slip resistance, thermal risks and ergonomic behaviour.
