TERRANOVA SAFETY BOOT S3

Double-lined winter boot made of high-quality leather with both lacing and zipper. It keeps the heat down to minus 20 degrees. It is equipped with composite toe cap and textile nail protection, which is super light and very flexible. Neither the toe cap nor the nail guard cools at low temperatures. It has a rubber Vibram sole that makes the shoe very comfortable and provides an excellent grip. Tests have shown that the Vibram sole retains its properties even at low temperatures.

SKU: 1001209 | **Categories:** Boots, Shoes |
