KNEEPAD FOAM

Kneepads with additional protection, comfort and elasticity. Originally form resumes quickly. The kneepad has a good insulating capacity against cold floors, and high penetration against rough and uneven surface. The user will then be able to perform their work with greater comfort over an extended period. The kneepad has a long lifespan, it is certified with Wenaas' own trouser range, and is highly recommended. 160x245 mm. 20,5 mm thicknes

KNEEPAD STANDARD

The kneepad has upgraded material that protects the knee better and has longer durability. The knee pad are equiped with text informing you that the kneepad shall be placed with cushion against the knee (this side towards knee). If placed the wrong way they will not protect the knee sufficiently and quickly wear down. Width 150 mm, height 198 mm, thickness 19mm.
